

How to create a crew availability listing

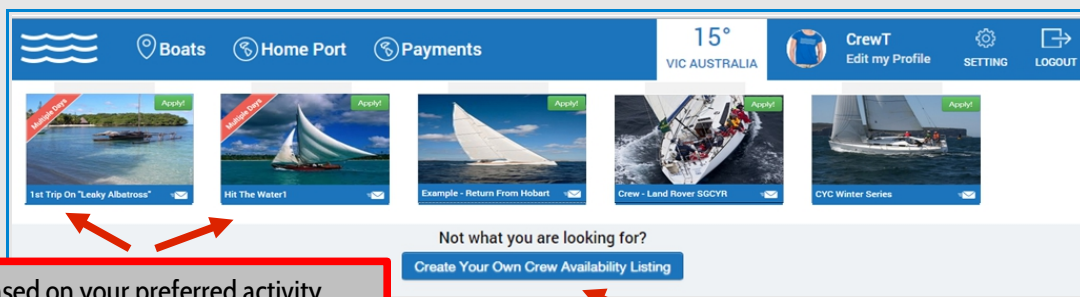

Step 1

Select "find a boat" from either of these locations

Step 2

Based on your preferred activity type and origin, you'll be presented with a list of up to 5 potential crew position listings

If none of these are suitable, click here to create your own "Crew Available" listing

Step 3

The form is titled 'List your crewing availability'. It has three main sections: 'Title' with a text input field containing 'Looking for Ocean experience'; 'What you are looking for:' with a text area containing 'I've recently returned from Singapore and am looking to gain experience in long ocean racing and eventually to join a team for the Blue Water series. Happy to commit for a season.'; and 'Activity Type:' with a multi-select dropdown menu showing options like 'General watersports', 'Inshore racing', 'Long ocean racing', 'Offshore fishing', 'Offshore long haul racing', and 'Offshore short haul racing (no...'. Red arrows point from the explanatory text boxes to these three sections.

Give your listing a descriptive title

Fill in the Event description telling skippers about yourself. Select the activity type (hold down control and click to select multiple types if applicable). This will auto-create the title making it easier to filter

Step 4

Post Availability

Departure time should be filled but may not be important for defined racing events

Select your preferred departure location, then how far from there you are prepared to travel.

Accept the T&C's and click to post your availability

Congratulations you've listed your availability

This will be posted on a listing of crew availability, and be emailed to skippers who match your activity type and starting locations. Skippers can now see your background, and make further contact with you to discuss what they need and whether there is a good fit.
